

Pupil premium strategy statement – Plumpton School

2024 - 2025

□

This statement details our school's use of pupil premium (and recovery premium) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

School overview

Detail	Data
Number of pupils in school	90 FT + 11 PT (YN)
Proportion (%) of pupil premium eligible pupils	7.14% (7 pupils)
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended – you must still publish an updated statement each academic year)	September 2024 - 2027
Date this statement was published	December 2024
Date on which it will be reviewed	September 2025
Statement authorised by	Mrs Sarah Penny Headteacher
Pupil premium lead	Mrs Sarah Penny Headteacher
Governor / Trustee lead	Mr Mark Halliburton Chair of Governors
Governor Linked to Pupil Premium	Mr Gary Lawson

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£11,450.00
Recovery premium funding allocation this academic year <i>Recovery premium received in academic year 2023/24 cannot be carried forward beyond August 31, 2024.</i>	£1000.00
Pupil premium funding carried forward from previous years (<i>enter £0 if not applicable</i>)	£0
Total budget for this academic year	£12,450.00

If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year

Part A: Pupil premium strategy plan

Statement of intent

Our aim is that by providing high-quality education, all learners, irrespective of background, meet or exceed national expected progress in order to achieve age-related expectations by the end of Year 6. We are ambitious in our intention that all learners reach or exceed the expected standard in reading, writing and maths, make good progress at all stages of their schooling with us and are ready for the next step of their education. High-quality teaching is fundamental to learning and progress and is recognised to have the greatest impact on closing the attainment gap between learners from different backgrounds. Excellent lessons benefit all pupils too. We also know that sometimes pupils need extra support both in the classroom and through additional provision. In our small schools, staff know pupils very well and we carefully consider the needs of all learners, and particularly those that are disadvantaged and vulnerable. Our approach is therefore multi-layered to ensure maximum impact, as represented below: High-quality teaching – Support – Targeted interventions – Personalised provision We are ambitious to make swift accelerated approach following school closures and our work to support disadvantaged learners dovetails with our plans for education recovery including use of school led tutoring.

Our approach will be responsive to common challenges and individual needs based on diagnostic assessments, not assumptions about the impact of disadvantage. Work with the RADY project will ensure that high expectations for all learners runs through all aspects of teaching and learning to ensure that disadvantaged pupils excel. To ensure approaches help disadvantaged children excel we will:

- Ensure disadvantaged pupils are challenged in the work they are set
- Act early to intervene at the point need is identified
- Adopt a whole-school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve through regular pupil progress meetings

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Assessments, observations and discussions with pupils indicate underdeveloped oral language skills and vocabulary gaps among some disadvantaged pupils.
2	A number of our pupil premium children have a lower level of attainment in RWM when assessed
3	Some pupils have social and emotional needs that can impact on self-esteem
4	A number of pupil premium pupils lack the cultural capital opportunities experienced by their peers
5	Assessments, observations and discussions with pupils suggest that some disadvantaged pupils generally are not read to at home and do not enjoy reading for pleasure. This negatively impacts their development as readers

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved oral language and vocabulary	Assessments and observations indicate significantly improved oral language among disadvantaged pupils. This is evident when triangulated with other sources of evidence, including engagement in lessons, book scrutiny and ongoing formative assessment
Narrow the gap for RWM attainment among disadvantaged pupils	KS1 and KS2 RWM outcomes 2026/2027 show they are more in line with non-PP children
All children will enjoy coming to school and feel confident and happy about themselves	Children will know who to talk to if they are feeling unhappy or anxious. Key members of staff will be able to notice if pupils are not thriving in the school. PP children will take part in clubs and contribute loudly to the Pupil Voice

All pupils, particularly PP children will have full access to clubs and enrichment events. Visits and visitors will enhance cultural capital and inspire pupils to fully explore the world we live in	Clubs and enrichment events will be held in school time (lunchtimes) as much as possible with no expectation of cost to remove any barriers to engagement. Visits will cover a range of cultural and educational themes to broaden pupils' experience of the local and wider community
Improved engagement in reading for pleasure for PP children	Disadvantaged pupils will read more and improve fluency and enthusiasm when reading. PP children will have opportunity to take high-quality texts home to read out of school. Parents and carers of PP children will know how best to provide books free of charge

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £11,150.00

Activity	Evidence that supports this approach	Challenge number(s) addressed
EYFS/KS1 Reading for Pleasure Workshop to encourage and support parental engagement and enhancement of our reading curriculum. Social interaction with family and increased verbal opportunities will support low levels of vocabulary which we can see for some children lower down the school	The DfE Framework for Reading (2023) encourages more reading for pleasure at home for families to engage socially and emotionally. Increased exposure to spoken language and listening to stories introduces children to a wide range of words. Rhyming and alliteration give children cues for predicting words. Orgill English Hub - Cumbria (DfE Funded)	1, 2, & 5
<u>Phonics</u> Engage with Partnership School in collaboration with Orgill	EEF guidance – Phonics (July 2021) The DfE Framework for Reading (2023)	2 & 5

<p>English Hub to review and improve teaching of phonics.</p> <p>Refine use of Rising Stars Phonics Rocket Scheme to secure high-quality phonics teaching for all pupils</p> <p>.</p> <p>Catch Up for Year 2 & Year 3 pupils.</p> <p>1:1 phonics coaching for pupils not on track in YR, Y1 & Y2</p>	<p>Orgill English Hub - Cumbria (DfE Funded)</p>	
<p><u>Writing</u></p> <p>Continue teacher collaboration to improve outcomes in writing. Progression for writing made more clear</p> <p>Focus on modelling writing to teach aspects of sentence structure and writer's voice</p> <p>Modelling of letter formation early on in YR with increased opportunity to write in phonics lessons</p>	<p>EEF Improving Literacy in KS2 (Nov. 2021) guidance recognises the importance of high-quality teaching assessment and a broad and balanced, knowledge- based curriculum</p>	<p>2</p>
<p><u>Maths</u></p> <p>Supplement White Rose Maths Scheme with materials from NCETM</p> <p>Introduce fast arithmetic questions at the beginning of lessons to increase fluency and recall of number facts</p>	<p>NCETM</p> <p>EEF Improving Mathematics in Key Stages 2 & 3 (Nov. 2022)</p> <p>EEF guidance recognises the importance of high-quality teaching assessment and a broad and balanced, knowledge- based curriculum</p>	<p>2</p>
<p>Engage with RADY Project to embed high expectations for disadvantaged pupils throughout School Development plan</p>	<p>RADY Project</p>	<p>3 & 4</p>

<p>All staff & governors introduced to RADY Project and work towards Poverty Proofing Curriculum by offering clubs in school time to increase uptake from disadvantaged children</p> <p>School visits to be supplemented financially by donations from FareShare Scheme</p>		
<p><u>ELSA</u> Support from our fully trained ELSA to offer strategies for pupils struggling with emotional/behavioural issues</p>	ELSA Intervention	1 & 3
<p><u>Teaching Assistant Support</u> All our classes benefit from full-time teaching assistant support. Most classes have two teaching assistants in a morning to give support during English and maths lessons. The profile of pupil premium has been raised via the RADY Project</p>	<p>EEF guidance – teaching assistant interventions</p> <p>The average impact of teaching assistants and of small group tuition is about an additional four months' progress over the course of a year</p>	1, 2 & 3

Targeted academic support (for example, tutoring, one-to-one support, structured interventions)

Budgeted cost: £1000.00

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p><u>Timetabled small group work</u> A timetable of intervention sessions is scheduled for each class on a termly basis and in response</p>	<p>EEF guidance – small group tuition (July 2021) Small group tuition has an impact by providing additional support that is targeted at pupil needs. The approach allows the teacher to focus on the needs of a small number of</p>	2

to pupil needs identified through assessment	learners and provide teaching that is closely matched to pupil understanding. Small group tuition offers an opportunity for greater levels of interaction and feedback compared to whole class teaching and can support pupils to overcome barriers to learning and increase their access to the curriculum	

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £300.00

Activity	Evidence that supports this approach	Challenge number(s) addressed
<u>Residential Visits</u> By providing contributions to funding for residential visits to those in receipt of the premium, residential visits are accessible to all children	RADY Project Removing financial barriers to school visits increases cultural capital for disadvantaged pupils	4
<u>Extra-Curricular Activities</u> Staff to offer lunchtime clubs with no cost to remove barriers of cost and attending after school clubs	RADY Project Research indicates that disadvantaged children have a lower participation rate in clubs which take place after school	4

Total budgeted cost: £12,450.00

Part B: Review of the previous academic year

Outcomes for disadvantaged pupils

In 2024 there were no Y6 pupils in receipt of PP.

In 2024 there were no Y1 pupils in receipt of PP.

Reading

School assessments show that 50% of the pupil premium group were working at the expected standard in reading in summer 2024. 100% of KS1 pupils achieved expected standard in reading in the optional SATs in June 2024.

Writing

School assessments show that 50% of the pupil premium group were working at the expected standard in writing in summer 2024. 100% of KS1 pupils were assessed at the expected standard in July 2024.

Maths

School assessments show that 67% of the pupil premium group were working at the expected standard in maths in summer 2024. 75% of KS2 pupils achieved the expected standard in school assessments (NFER).

Personal Development

Staff observations, parent feedback and learning walks indicate that pupils are making good progress in terms of wellbeing, learning behaviours and behaviour more broadly.

Attendance

Target met – pupil premium attendance was better than other pupils 2023 – 2024

FSM – 97.76%

Other pupils – 94.86%

Externally provided programmes

Please include the names of any non-DfE programmes that you used your pupil premium (or recovery premium) to fund in the previous academic year.

Programme	Provider
N/A	

Service pupil premium funding (optional)

<i>For schools that receive this funding, you may wish to provide the following information: How our service pupil premium allocation was spent last academic year</i>
N/A
The impact of that spending on service pupil premium eligible pupils

Further information (optional)

Use this space to provide any further information about your pupil premium strategy. For example, about your strategy planning, implementation and evaluation, or other activity that you are delivering to support disadvantaged pupils, that is not dependent on pupil premium or recovery premium funding.
