

French Curriculum Overview

Children at Plumpton School are taught French as a Modern Foreign Language. In EYFS and KS1 children sing songs in French and listen to and repeat some basic words and phrases. At KS2, children begin to read, write and speak more French. Most lessons are practical and children are encouraged to listen to and speak with increasing confidence in order to develop a firm foundation of the French language. In Years 3 & 4 children learn key vocabulary and in Years 5 & 6 children are expected to be able to speak with growing confidence and recognise and respond to simple phrases and questions.
